

# AUSTRALASIAN GROUNDWATER CONFERENCE

NATIONAL CENTRE FOR  
GROUNDWATER  
RESEARCH AND TRAINING

GROUNDWATER FUTURES SCIENCE TO PRACTICE  
11-13TH JULY 2017 UNSW, SYDNEY

## *Panellist:* Energy Futures

**Mr. Ryan Morris**

**Senior Hydrogeologist - Origin Energy**

Ryan was a consultant for ten years, where his technical interests included water supply, deep bores and mine water management. He accepted an industry position with Origin Energy after working on the groundwater aspects of Australia Pacific LNG coal seam gas project EIS in Queensland.

During the past seven years at Origin, he has been involved with the design and implementation of a regional groundwater monitoring network with over 180 bores, springs assessments, construction water supply, landholder bore and make good assessments, State and Federal regulatory approvals and aquifer injection (amongst others). He has also managed groundwater supply, impact assessment and monitoring for Origin's shale gas exploration activities in the Beetaloo Basin in the Northern Territory.
